## Delivery & Installation

All Celsius saunas are delivered securely on a pallet and include clear, step-by-step installation guidelines.

### Flat Pack / DIY Deliveries

For flat pack orders, the sauna is delivered on a pallet and unloaded directly onto your driveway using a forklift or HIAB truck, depending on site access. This unloading service is included in the listed price.

### Fully Assembled Deliveries

When selecting a factory-assembled sauna, delivery to your location is included in the price. However, unloading the sauna requires a forklift or crane, which must be arranged by the customer. If preferred, we can organize the necessary equipment on your behalf for an additional charge—please contact us for assistance.
